ULTRA HD 4K RESOLUTION

4K Ultra High Definition Capture

The 4K X228-PRO comes with the latest 8-Megapixel SONY Starvis2 image sensor, capturing 4K Ultra High definition video – four times as many pixels as Full HD. The rear Full HD Sony Exmor image sensor ensures the best image quality under any light. Thanks to the H.265 (HEVC) compression your videos look better and fit the maximum amount of video files on the micro SD card.

A WIDER VIEWING ANGLE FOR BLIND SPOTS

A class leading 160° angle of view in the front camera to capture maximum action around your car.

X-SECURITY COVER

Secure All Cables with an IROAD X-Security Cover

The IROAD Security Cover helps to keep cables neat and tidy. Furthermore, it prevents damage and physical access to the cables of the dash cam.

Prevent Memory Card Corruption

The IROAD Security Cover is an accessory to protect the Micro SD card slot from physical access, so that video files cannot be damaged or deleted.
